

About ICT Inc

ICT Inc is a international orientated ICT Consultancy agency. We offer consumers, companies and governments the ability to obtain professional services against significant lower prices than it's usually the case with our competitors. We can make this possible by using our unique off-shoring model. The last couple of years we have also focused and became more specialised in servicing the banking and insurance industry.wezen.

Method

Where possible we offer our clients our unique off-shoring model. This means, in a nutshell, that when the project allows us we use our worldwide network of highly skilled professionals which are being selected per project. By using this method we can offer prices much lower than our competitors, besides that u keep the same reliability, service and quality which u may expect. Would our delivery not meet your expected result you get your money back as we strive to 100% satisfaction with our clients. With this unique approach we can design a full website, logo and/or a complete business style within a short time frame. Even for complex software development you came to the right address for which we also use our unique off-shoring model, where possible. As already mentioned we manage a worldwide network off highly skilled professionals which are selected per project.

Our internal experts are highly specialized in installing and maintaining data and telecom networks. Our expertise does not stop with Microsoft Windows but also with all major Linux distributions, from workstation to server, and VOIP installations. Our experts are all Microsoft and/or Cisco certified and can support and advise you with all sorts of projects.

History

ICT Inc was founded in 2007 and was making profit by the end of the year. Thanks to our experts, our unique approach and 100% satisfaction guarantee. At the moment we have 2 internal experts with support of our worldwide network of experts.

Contact us today so that we can show you that even you can save lots on your ICT environment and/or R&D by sending you a free quote with no strings attached.

Mr. dr. Ronald Roeleveld, CEO

Mr Shaief Ataoellah, Head Engineer en Project Manager
